MEMORANDUM FOR COMPONENT CHIEF INFORMATION OFFICERS

FROM: Vance E. Hitch
Chief Information Officer

A handwritten signature in black ink that reads "Vance E. Hitch".

SUBJECT: Information Technology Standard, Power Management Version 1.0

The OCIO has completed the IT Standard for Power Management version 1.0 and the standard is distributed for immediate use. The standard provides minimum requirements for implementing power management features on desktop and laptop computers and monitors to comply with Executive Order 13423. The standard supplements, but does not supersede any DOJ Order. Components may impose more stringent measures to supplement this standard.

The standard will be posted for download on the OCIO Policy and Planning Staff DOJNet web site, at http://dojnet.doj.gov/jmd/irm/pps/itpolicy/itpg_policyguidance.php.

Questions or comments regarding this standard should be directed to the Deputy CIO, Enterprise Solutions at John.Murray@usdoj.gov.
